RESEARCH PROJECTS

- Militarism and the Middle Classes in Early Shôwa Japan: Plutocrats versus Technocrats, a study of the 1929 depression in Japan, its effects on the middle classes, and the relation of their discontent to the rise of militarism and fascism.
- The Impact of Demographic Change on Japanese Universities, a study of how the decline in the number of 18-year olds is changing the environment for Japanese universities in the public and private sectors.
- Quality Assessment in Higher Education in the US, the UK, and Japan, a study of recent trends and fads in ranking universities and their programmes.
- A Sourcebook in Prewar Japanese Social and Economic History, a computer collated and typeset selection of newspaper and magazine articles taken from English language newspapers published in prewar Japan.
- Using the Internet for Teaching About Japan in Japan.
